

#GrowMySME

Business Grants of up to £5,000 available to help address Covid-19

#GrowMySME are offering two grants to help cover the cost of working with experts that can help your business grow and become more resilient. Whether you need professional advice to develop a contingency plan, to manage your workforce, to review your supply chains, to innovate your business model, or to prepare information to access finance, we're here to help make that happen.

This is an unprecedented time for business, but you don't need to face this challenge alone.

Survive, Revive, Strive
with Grants of £1,000 - £5,000

(Grants cover 40% of total eligible project costs)

FINANCE FOR GROWTH GRANT

Used for any project that requires you to work with a financial advisor, accountant or consultant to aid your business's ability to access finance and investment that will aid long term growth.

Example projects are:

- Working with an accountant or financial advisor to prepare a business plan, financial information, management accounts and forecasts for a loan application
- Working with an accountant or financial advisor to develop Financial Management Information Systems and strategies to safeguard or grow the business
- Working with a consultant to develop a marketing strategy or a legal advisor to develop the structure of the company to enable growth
- Any other project that requires you to work with an accountant, financial advisor or specialist that will make your business more investment ready and aid its ability to obtain finance

Grants of between £1,000 - £5,000
(Grants cover 40% of total eligible project costs)

BUSINESS GROWTH GRANT

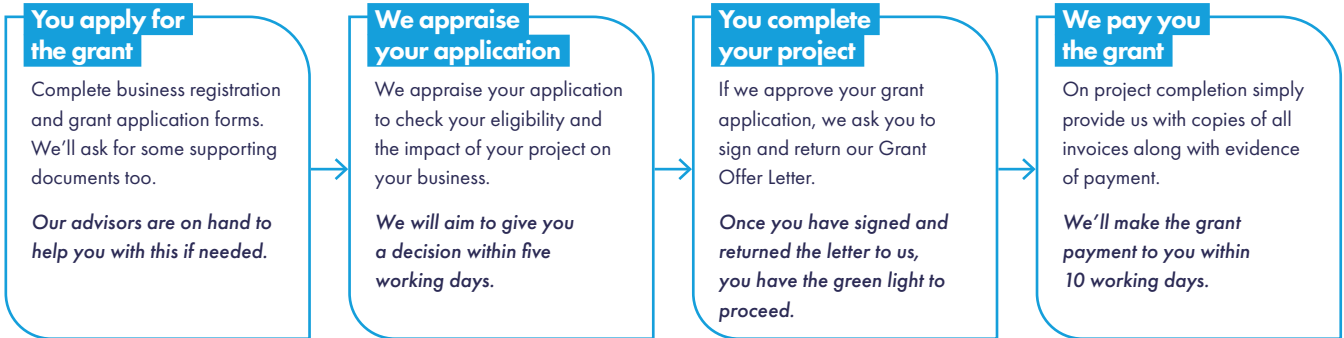

Used for any project that requires you to work with a specialist advisor or consultant to aid your business's long-term prospects for growth.

Example projects are:

- Working with a consultant to develop Covid-19 continuation and recovery plans for your business
- Working with an HR specialist to create a workforce management plan for remote working or a return to work strategy
- Working with a supply chain expert to manage your supply chains and to develop a strategy to diversify your supply chains in light of Covid-19
- Any other project that requires you to work with a specialist advisor or consultant that will aid your business's productivity, efficiency, growth, resilience, access to new markets, and create or safeguard jobs

Grants of between £1,000 - £5,000
(Grants cover 40% of total eligible project costs)

It's simple and quick to apply for a #GrowMySME support grant, and we'll support you every step of the way.

Is my business eligible?

ARE YOU AN SME?

That's a business with fewer than 250 full time staff, an annual turnover of less than €50 million OR a balance sheet total of less than €43 million

THAT TRADES IN THE HUMBER

If you operate in Hull, East Yorkshire, North or North East Lincolnshire.

IF YOU DON'T WORK IN THESE SECTORS

Agriculture, Banking & Insurance, Fisheries & Aquaculture, Steel production, Shipbuilding, Synthetic Fibres, Public Sector or publicly owned organisations.

FINANCIAL DIFFICULTY?

If your business has been in financial difficulty at any time since 31 December 2019 we can still accept a grant application from you but it must demonstrate that any financial difficulty was a direct consequence of the Covid-19 outbreak.
