

Breaking County Lines Training of Trainers North Course

Friday 5th, 12th and 19th March 2021 14:30-16:30

This course seeks to equip potential trainers with the knowledge and skills for delivering the Breaking County Lines course using a comprehensive resource pack. This course is spread over 3 afternoons a week apart and is particularly aimed at those working for statutory organisations and agencies working in the North of England.

The purpose of Breaking County Lines is to enable communities to raise awareness of the scale of the problem and spot the signs of its presence. In addition, it looks at ways of building resilience in our communities with an emphasis on the protection of children and young people and vulnerable adults. The Breaking County Lines resource pack is written in four modules, each module containing digital stories based on personal experience, group activities, and supporting information.

Participants will be encouraged to adapt the material to their own context and to initiate the formation of an action group to undertake practical initiatives to help raise awareness and build community resilience.

Date	Time	Session
