

CLIMB 4

Community, Health and Training

VACANCY

Role: Community Activity Coach

Employer : CLIMB 4 Limited

Rate / Salary : £10.42 – £12.50 per hour - Depending on Experience / Volunteering and training also considered.

Location : Centre 4 and other outreach areas within North East Lincolnshire

About us

Climb 4 is a user led, community not for profit organization. We are based at Centre 4 Grimsby, however we also provide positive activities to outreach venues and organizations. Providing support and creative activities to children, young people and families, that improve the health, wellbeing, skills, and life chances of those who are particularly vulnerable. We particularly target those individuals and families who have special educational needs, disabilities, looked after children, poor mental health, those who have experienced trauma, long term health conditions, those who live in deprived areas and those who experience poverty.

At the heart of what we do is our drive to be creative, enabling our participants to express their feelings, letting go of suppressed emotions and exploring beyond their limits. Empowering them to raise their aspirations and achieve their true potential.
